

ICEKARTING

Icekarting is an allman motorsport that can be done in the winter conditions too. Challenging track and perky vehicles keeps the driver alert and warm.

Icekarting is fun and suitable for all ages. You choose the speed, drive on your own pace or make a friendly race with others. Force and spiked tyres of the vehicles ensure that the daredevils can test their own limits on slippery track – and the embrace of the snowbanks.

” The adrenaline flows and giggles fill the air when the car swerves on the track or the racing partner makes a soft landing in the snow! ”
